

**The Office of Statewide Health Planning and Development
Hospital Supplier Diversity Program – Implementation Plan
November 2020**

Assembly Bill 962 (Chapter 815, Statutes of 2019) requires the Office of Statewide Health Planning and Development (OSHDP) to develop and administer a hospital supplier diversity program to collect and post hospital supplier diversity reports explaining the hospital's supplier diversity statement and expressing its goals regarding certified minority, women, lesbian, gay, bisexual, transgender (LGBT), and disabled veteran business enterprises whenever possible.

OSHDP is responsible for convening a hospital diversity commission comprised of the public and health care, diversity, and procurement stakeholders to advise OSHDP and the hospital industry on best methods to increase procurement with diverse suppliers within the hospital industry and to promote and provide outreach to hospitals that are actively engaged in supplier diversity issues.

Hospitals, with operating expenses over a specified amount, are required to annually submit a report to OSHDP on their minority, women, LGBT, and disabled veteran business enterprise procurement efforts. OSHDP is required to maintain a link on the OSHDP website that provides access to the content of hospital supplier diversity reports to the public. The first annual submission of supplier diversity reports is due by July 1, 2021. Due to the COVID-19 pandemic, OSHDP has been delayed in convening the commission. OSHDP is working to process and finalize commission appointments and plans to convene the commission shortly.

The November 2020 Implementation Plan includes program activities through July 2022. The first submission of supplier diversity reports is due to OSHDP by July 1, 2021, per the requirements stated in the statute. OSHDP will work with stakeholders to develop regulations for subsequent reporting periods to further specify reporting requirements.

Projected Time	Period Program Activities
November to December 2020	<ul style="list-style-type: none">• Begin conducting hospital outreach
January 2021 to June 2021	<ul style="list-style-type: none">• Disseminate information to hospitals for first reporting period• Begin collecting hospital reports

Projected Time	Period Program Activities
